LED Backlight Gaming Keyboard

Meticulously designed and engineered specifically for the advanced gamer, KB-G265, a brand new LED backlight keyboard from Genius, is the latest weaponry in the Genius gaming line. This full size keyboard provides gamers sophisticated battle tools and eight hot keys to manage media and Internet controls. Additionally, gamers will hold a tactical advantage with the numerous features such as switchable LED backlight, and 20 anti-ghost keys for advanced gaming control even when multiple keys are pressed simultaneously. The KB-G265 has a gaming mode option to deactivate the Windows key for distraction free gaming. In addition, a smart cable allocation design allows the USB cable to be secured to the left or right side of the keyboard depending on the location of your PC.

In addition, two USB ports allow users to connect with other USB devices such as mouse and headset simultaneously, to achieve the full gaming experience. With its 1000Hz full speed USB report rate, gamers can enjoy a faster gaming response time, especially on FPS games for that competitive edge.
